ORGANIZATION OF CITY GOVERNMENT

Tuesday, January 1, 1929.

The members of the city government for the municipal year of 1929, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by Roy M. Pickard, Esq. at ten o'clock in the forenoon.

Hon. Roy M. Pickard made the announcement that, Forrest L. Carey having been notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office was administered by Hon. Roy M. Pickard, who introduced the Mayor to the aldermen and councilmen elect and to the citizens present.

After roll-call by the clerk, Mayor Carey administered the oath of office to the following named members of the board of aldermen and councilmen, to wit:

BOARD OF ALDERMEN

- Ward 1.—Paul H. Joy.
- Ward 2.—Paul D. Minnick.
- Ward 3.—Cowling Hilton.
- Ward 4.—Earl B. Spaulding.
- Ward 5.—John H. Kennedy.

BOARD OF COMMON COUNCIL

- Ward 1.—George F. Knowlton.
Emile Grube.
Howard W. Kirk.

CITY OF KEENE

Ward 2.—Walter L. Moore.
Robert H. Barnard.
Nathan C. Sibley.

Ward 3.—William F. Barrett.
Leston M. Barrett.
Earl W. Little.

Ward 4.—Frederick D. Mitchell.
Roy E. Pratt.
Robert D. Nims.

Ward 5.—Thomas F. Guinane.
Laurent L. Gregoire.
Harry L. Wellman.

Prayer was offered by the Rev. Oscar B. Hawes.

After the prayer Mayor Carey delivered his inaugural address. Frank H. Whitcomb was elected city clerk and Charles S. Wright city messenger, and the councils then adjourned until 7.30 o'clock, Thursday, January 3, 1929, for the transaction of general business.

The common council organized by the choice of Robert H. Barnard as president and Harry E. Gale, clerk.

THE MAYOR'S ADDRESS

Members of the City Councils and Fellow Citizens:

Being elected by the citizens of the City of Keene to administer the affairs of our city for the ensuing year, we have assembled here today to take over the responsibilities intrusted to us. Mayor Jones and departing members of the council who have so faithfully served our city, and with whom we have had such pleasant association, I shall sincerely regret your absence.

New members, I welcome you and believe you will bring to us good ideas and be of valuable service to our city. We start today in unison and I desire that we let no contention come between us. With the experience we have received from our most capable leader and with a little sacrifice and effort, we shall endeavor to fulfill the trust placed with us.

Let us always keep in mind that we are the servants of all the citizens of Keene. While we are limited to the extent of service we can render, we must be diligent to the cause of every tax payer.

FINANCE

One of the first duties of the councils, is the adoption of a budget for the year. You will find in the city report the finance committee's statement together with its estimated expenses for this year. I request that you study this carefully, making yourselves familiar with every detail, and suggesting any change you deem necessary early, so that its adoption will not be held up unnecessarily.

Your attention is also called to suggestions or recommendations as to extension of service or otherwise, in the reports of the various departments, as given in the present city reports. These can best be dealt with by the proper committees, but all suggestions for expenditure of money should be carefully studied.

I suggest one matter which should have your prompt attention. The budget above referred to has been prepared for the guidance of the various departments affected by it, and for the further purpose of determining the taxes assessed for the city. It loses its value in both respects unless it is rather closely followed. There is no occasion for this budget if each department shall be the final judge of its own needs, and may without limit, expend beyond the sum allotted to it. This past year there were deficiencies of about \$25,000 caused by some departments exceeding the amounts allotted to them. This should not be permitted. An emergency may cause some expenditures in excess of the amount voted in the budget, but it should appear that it is an emergency case.

I suggest, therefore, that each department furnish the Mayor and Finance Committee at the beginning of each month a detailed statement of the expenditures of the prior month, the amount of the total appropriation for that department, the amount expended in prior months, and the unexpended balance. This will tend, I believe, to check heavy expenditures and to pro-rate the total appropriation over all the months in that year.—I am sure that each department will co-operate in this work without further legislation.

The alterations to the Municipal building will cost in excess of \$35,000. These bills have been met by payments from money not otherwise appropriated. This item was not in the budget for last year and no additional money was raised to meet this expense. These payments have lowered the reserves in the city treasury and some method must be decided upon to replenish the city treasury until a new tax levy. I suggest:

1. The work done upon the municipal building is of permanent character, and under the law notes or bonds may be issued to finance such work. I suggest an issue of notes for \$35,000 at as low a rate of interest as possible, to be paid off at perhaps \$5,000 a year. The exact details of this plan may be worked out later, but it seems wise to take this action so that

at least a substantial part of the cost of this permanent improvement be met by payments by those in future years who will enjoy its conveniences. This action will bring into the treasury around \$35,000.

2. Another problem will be to finance the various departments of the city until new taxes are collected. The city cannot issue demand notes. (See Chapter 59, section 3, 4, 5 and 6 of the Public Laws). Neither can it incur debt for the payment of current maintenance and operation expenses, except loans in anticipation of taxes. This is a wise provision of the Municipal Bond Act, but it limits pretty closely what debts the city may incur. I suggest, therefore, that the councils give early attention to the immediate needs of the city treasury and issue from time to time such loans in anticipation of taxes as may be needed. This suggestion is in addition to that in No. 1 above.

The past year your councils authorized a large bond issue for cement road construction. The proceeds of this issue have, I believe, been wisely expended, and I think there will be no further bond issue for highways. Instead, if we pursue the most modern methods and employ them judiciously, your highway tax burden should never increase.

HIGHWAY DEPARTMENT

This department is responsible for the laying out, construction and maintenance of all our highways, sidewalks and bridges; for keeping our streets clean and for snow removal. It also has charge of street signs, zone painting for parking, rubbish collection, incinerator, and of all trees within our streets.

The past year we entered upon a new angle in highway construction. We found that the upkeep of our different types of streets was becoming too large under present traffic conditions. So we launched a cement road program. Because this was such a large proposition, and because it was deemed expedient to continue on a small scale year by year, we decided to

purchase an entire equipment for this work. This enabled us to employ our home laborers, to secure standard construction, to put contractor's profits into more mileage, and to give back as much as possible of the money to the men and merchants who so cheerfully appropriated it for this magnificent work.

This program was carried out under the able supervision of Arthur A. Wallace and far exceeded the expectations of its sponsors. I believe it will be far reaching in its example toward solving the expensive problem of building and keeping our highways in good condition.

This department is well equipped with men and machinery, and has shown rigid economy to the tax payer of Keene this year. I recommend that cement construction be continued this year on those streets where it will show the most economy, to the extent of such money as we can spare from our regular appropriations.

FIRE DEPARTMENT

This department is OK in every respect. It is managed in an efficient and business like manner, and gives the city officials very little thought and no trouble whatsoever. There is an apparent need of a Fire Foam equipment to combat an oil or gasoline fire. We now have several large storage tanks of this material in different parts of the city, and fire foam equipment is regarded as the most effective method to fight such fires. I recommend that this committee look into this matter at once.

WATER WORKS, DRAINS AND SEWERS

So important is this department, that it requires the watchful eye of competent men. The people of Keene are very fortunate to have its present pure water system. Much credit is due to those who are responsible for the well being of every person in Keene and of the large number of tourists who travel through our city. The new street program this year added a considerable extra work to this department. This work called

for brass pipe water connection, and the drainage system revamped. This work was carried out with economy and dispatch.

POLICE DEPARTMENT

This department is for the purpose of keeping our city free from lawlessness and crime; to regulate traffic to the best advantage and with the least friction to the vast moving public of today, and in general to protect life and property.

We are handicapped in establishing certain parking restrictions in that there is no outlying parking space near our business section. Each city government in the past has been opposed to making regulations which might tend to injure the merchants and complicate affairs of this department. Our streets being so wide, I believe, there is need of safety zones for all pedestrians. These should be located in such manner as not to hinder traffic and give the pedestrians security.

Bootlegging is by far the worst enemy we possess. From its direct cause it is draining our treasury several thousand dollars each year, causing a great deal of crime in some homes and taking away the joy and safety of those in peaceful pursuits. This class of crime is having altogether too free a hand in our midst, and I recommend that the City Councils and the people of Cheshire County co-operate towards eradicating this pest.

HEALTH DEPARTMENT

This department is very ably managed and I believe ranks high with such departments throughout the country. With its new Comfort Station and garbage collection added this past year, it is fast approaching the desired goal.

MUNICIPAL BUILDING

I believe the wisdom of Mayor Jones was further shown the past year in the remodeling of our City Hall. This can be readily seen by those familiar with the old dingy appearance

of both the interior and exterior in comparison with the present clean, well arranged appointments. The work was done by our home contractor, Glenroy W. Scott who showed his loyalty to our city in both cost and construction. It will now serve its purpose well for many years.

CONCLUSION

Gentlemen, we were elected by the people of Keene, who placed their trust in our fidelity. We shall sincerely try to live up to that trust. We take upon ourselves these duties with conscientious faith and under a solemn oath. Let us apply the golden rule to all of our actions during this administration. Each and every department should attend to its duties, and see that the money allotted to it is spent efficiently. We should look ahead to the fact that future generations will see traces of the actions of each and every department in our city, and build accordingly. I expect to be here to fully co-operate with you, and shall expect you to feel at liberty to consult with me on any problem for the welfare of this community.

I thank you.

Passed Jan. 17, 1929.

To the City Councils of the City of Keene:

Respectfully represents the undersigned Charles A. Madden, that he is Administrator with will annexed of the estate

of Serena W. Upton late of Keene, New Hampshire. That the twelfth clause of the will of said deceased is as follows:

“Twelfth. I give and bequeath two hundred dollars to the town of Keene, given as a nucleus for a home for poor deserving disabled men, preferably those that never have been intemperate, but if this should not in due time, receive additions and cooperation from others I would like it to be used to furnish free beds and care at the Hospital in this city to the above class.”

The said Administrator is now ready to pay the said City of Keene the sum of Two Hundred Dollars on notification that said sum has been accepted by said City.

CHARLES A. MADDEN,
Administrator with will annexed
of Estate of Serena W. Upton.

A JOINT RESOLUTION relating to Serena W. Upton fund.

Resolved by the City Councils of the City of Keene, as follows:

That whereas the twelfth clause of Serena W. Upton's will gives and bequeaths to the City of Keene \$200.00 as nucleus for a home for poor deserving disabled men and if this should not in due time receive additions by others, it is to be used to furnish free beds and care at the hospital: The City of Keene hereby accepts the fund in accordance with the provisions of the bequest. The city clerk shall receipt for said funds, which shall be invested by the Trustees of Trust Funds according to law.

Passed Feb. 7, 1929.

January 24, 1929.

The Merchants National Bank of Boston,
28 State Street, Boston, Massachusetts.
Attention Mr. Coy

Gentlemen: (Keene Tax Anticipation Loan)

We enclose a new opinion pursuant to our telephone conversations of today covering discounted notes. This is sent upon the strength of the assurance which you have received from the city treasurer that the city councils will take the necessary proceedings to remove any doubt as to the authority to issue such notes under the resolution of January 17th. For this purpose we think that the city councils should provide that the resolution of January 17th be amended by inserting the words "or discounted" after the words "bearing interest." We should like to see a certified copy of the proceedings making such provision with evidence of their proper adoption. The form of note previously sent you will be appropriate for discounted notes if you strike out of the face of the note the words "with interest thereon at the rate of — per cent per annum payable."

We return the papers.

Yours faithfully,

A JOINT RESOLUTION relating to a temporary loan.

Resolved by the City Councils of the City of Keene, as follows:

That the resolution passed on January 17, 1929, relating to a Temporary Loan, be amended by adding after the words, "bearing interest," the words "or discounted."

Passed Feb. 7, 1929.

A JOINT RESOLUTION relating to an issue of bonds.

Resolved by the City Councils of the City of Keene, as follows:

That the sum of \$35,000 is hereby appropriated from any money in the treasury not otherwise appropriated for the purpose of paying the cost of remodeling the City Hall of the City of Keene by the construction therein of improvements of a permanent nature, and for the purpose of meeting the said appropriation \$35,000, bonds of the City shall be issued pursuant to the Municipal Bonds Statute in substantially the following form, numbered 1 to 35 and payable in numerical order \$5,000 in each of the years 1930 to 1936 inclusive.

AN ACT RELATING TO THE REGISTRATION OF VOTERS IN THE CITY OF KEENE

STATE OF NEW HAMPSHIRE

In the year of our Lord one thousand nine hundred and
twenty-nine.

AN ACT relating to the registration of voters in the city of
Keene.

Be it enacted by the Senate and House of Representatives
in General Court convened:

1. Posting Check-lists. Amend section 1, chapter 162 of the Laws of 1878, by striking out said section and inserting in place thereof the following: Sect. 1. There shall be elected in each ward, at each biennial state election, by major vote, one supervisor of the check-lists, and the supervisors thus elected shall constitute a joint board whose duty it shall be to canvass each ward, at least thirty-four days preceding the posting of the check-lists to obtain as near as possible a list of the legal voters, from which they shall make up an alphabetical list of all the legal voters of each ward. Certified copies of said lists shall be posted in said city twenty-eight days prior to said election. Said lists shall be posted, in all other respects except that of the time, in conformity with the general provisions of law relative to posting such lists.

2. Sessions for Correction of Check-lists. Amend section 2 of said chapter 162 by striking out the same and inserting in place thereof the following: Sect. 2. Said supervisors shall publish in the newspaper of the city, at least twenty-nine days prior to said election, a notice of the time and place of meetings for the correction of said check-lists and also give notice of the same on the aforesaid copies, which meetings shall be as

follows: the first, not less than twenty-one days prior to said election and the last not less than fourteen days prior to said election, and no adjourned meeting shall be held less than ten days prior to said election. Said meetings shall be from the hours of two p. m. to six p. m. and from seven p. m. to ten p. m. on the days specified and no name shall be added to said check-lists after the last meeting, except such name as may have been left off through mistake; and not then, unless the supervisor in attendance, in any ward where such omission occurs, shall have positive knowledge or information that said person has been a resident of the state for the period of one year, and in the ward six months.

3. Takes Effect. This act shall take effect upon its passage.

GEORGE A. FOSTER,
Speaker of the House of Representatives.

HAROLD K. DAVISON,
President of the Senate.

Approved April 12, 1929.

CHARLES W. TOBEY,
Governor.

ITEMS OF INTEREST

The Keene Water Works were established and have been extended from time to time by authority of a charter from the legislature of New Hampshire, granted July 3, 1861, and amendments thereto dated June 24, 1868.

The first contract was made with the Patent Water and Gas Pipe Co., of New Jersey, September 3, 1868.

Water was let into the system November, 1869.

1872.

Beech Hill reservoir was built and connected with the system.

1882.

The Waring system of sewers was adopted and turned over to the city in 1883.

1886.

The Roxbury supply was brought into the city via Beech Hill.

1890.

The first meters were installed.

1891.

Ten and one-half miles of cement lined pipe were replaced with cast iron. There remains in service (1916) 7,047 feet in Court Street, 400 in Roxbury Street, and 186 in West Street.

1900.

Water was pumped from the Ashuelot River.

1902.

Additional water from Roxbury was brought into the city **via South Keene.**

1908.

The Board of Water Commissioners was abolished by the City Councils.

1910.

The dam at Echo Lake was rebuilt, raising the water in the lake six feet.

1914.

The meter system was adopted and all services ordered metered.

1917.

Guards maintained at Echo Lake for three months.

1924.

By vote of the City Councils two filters and a storage reservoir were authorized. One filter and reservoir on Beech Hill and one filter at the stone dam.

1925.

The Beech Hill filter and reservoir was completed and water turned into City October 7, increasing the pressure about twenty-five pounds.

An Altitude Valve was placed in the Court Street main thereby eliminating all waste and reducing the pressure in the old cement lined pipe.

The stone dam filter was completed and water turned on December 9th.

1927.

The 12 inch main pipe from the Stone dam to Eastern Avenue was cleaned, about 14,500 ft. and 3,000 ft. of 8 inch, increasing the capacity 700,000 to 800,000 gals. daily.

1928.

1,300 tons of sand was placed in the Stone dam and Beech Hill Filters.

REPORT OF SUPERINTENDENT OF HIGHWAYS

To his honor the Mayor and Gentlemen of the City Councils:

I beg leave to submit the report of the highway department for the year 1929.

At the beginning of the year the City Councils set aside a sum of \$36,000.00 for permanent improvement, which was intended to be spent for the construction of concrete highways.

The State brought forward a plan by which they would build the Chesterfield and Concord Roads of concrete, provided the City would furnish half the money; the estimated cost to be \$200,000.00. The City accepted this plan, and to finance this work, transferred \$20,000.00 of the \$36,000.00, which was appropriated for permanent improvement and made arrangements to borrow the remainder of their half from the State, out of a fund set aside by the State for that purpose.

To do this work it seemed advisable to buy a Gas shovel, an Air compressor, and four two batch trucks, to add to the equipment purchased in 1928. This was done, and on April the fifteenth the work was started on the Chesterfield Road.

The State had previously surveyed the proposed route, the City having to pay damages wherever land was taken; changes in alignment were made in many places, and also a cut-off was made from the Water trough to the top of the hill, which saved considerable distance. Additional help was put on as needed, and at the last of May about one hundred men, two Gas shovels, sixteen trucks, and a rock drilling gang were at work. Much more rock than expected, was found, some 5,800 cubic yards were blasted and removed. The rough grading completed, bridges and culverts in place, paving began on the

ninth of July, near the Hathorn farm. Twenty-six days were required for paving two and one tenth miles. The crushed stone was supplied from the City's quarry on Beech Hill, and after the State had made tests from several places, sand from the Gates bank on the Surry Road was selected and used. One of the problems on this piece of construction, was to obtain a suitable water supply for mixing concrete, accordingly a gasoline pump and $1\frac{1}{4}$ miles of 2" water pipe were purchased. A concrete pavement twenty feet in width was laid, four foot gravel shoulders on either side were built up, and concrete posts set in and connected with wire cable, wherever guard rails were necessary. This road was built under traffic, there being no chance to detour.

The cost of laying the concrete pavement was \$1.88 sq. yd. including steel reinforcement and expansion joint material. The City expended a total of \$114,634.76 on Chesterfield Road, and has received from the State for work done in the Town of Chesterfield \$2,514.00.

The construction of two miles of concrete pavement beginning at the junction of the Gilsum Road and the Concord Road, was done under the same arrangements with the State as was the Chesterfield Road, and extended over Beech Hill on the Concord Road, almost to Ferry Brook. This work was started on July the twenty-seventh before the completion of the Chesterfield Road. Excavation of rock and earth being completed, bridges and culverts in place, as far as the top of Beech Hill, concreting was begun September twenty-third, and a few days after paving this portion, the paving of the remainder of the road down the east side of the hill was started. This concreting was completed November the sixth.

This road was paved twenty feet in width, and shoulders, guard rails, etc., were built in the same manner as those on the Chesterfield Road. All the curves of both roads were banked, and also all curves of over ten degrees were widened two and five-tenths feet according to the New Hampshire state standards. The shortage of water prevailed here as on the Chester-

field Road. The water for the East side of the hill was supplied from the Branch near the Davis farm, and on the West side from Beaver Brook.

The cost of paving the Concord road, including the steel reinforcement, and expansion joint material, was \$1.67 sq. yd.

The total city expenditures on the Concord Road were \$89,255.21. The furnishing of cement, reinforcing steel, expansion joints, etc., were let to the lowest bidders, and very attractive prices were obtained.

A concrete inspector was on the job at all times while concrete was being poured on both the Chesterfield Road and the Concord Road, working under the direction of the State. He made four beams a day, or samples of concrete just as it was poured, and every seven days these beams were broken in a machine for this purpose, and if they tested properly traffic was allowed on the new cement.

THE WATER STREET CEMENT PROJECT

The paving of Water Street, under the City's permanent improvement plan was completed this year between Main Street and Eastern Avenue, a distance of 3,350 feet.

The whole roadway was concreted including curbs and gutters from Main Street to Grove Street, and the intersections were paved also of the side streets.

From Grove street to Eastern Avenue no curbs or gutters were constructed, the roadway slabs being deemed sufficient for the present. Good material was excavated and not needed on this street was used in the surfacing of two nearby streets, Hancock and Victoria.

The total cost of paving this street was \$17,556.40, the number of square yards poured was 7,936 therefore the cost of paving per square yard was \$2.21, including excavation, curbing, gutters, etc.

This work was begun August the tenth and was finished about the first of September. Samples of concrete taken while the roadway was being laid were later tested for compressive strength and found very satisfactory.

SIDEWALKS

Concrete sidewalks have been constructed on portions of the following streets: Washington both sides, Court, Roxbury, Pleasant and Church.

The paving of Water Street with concrete necessitated the building of concrete walks on both sides of this street, between Main and Grove streets, some work was also done in front of the Russell Chair Shop and also in front of the Standard Oil Building. The above walks have a total of 5,560 square yards, and a length of 8,293 ft.

Plans have been prepared for the concreting of following sidewalks:

Wilson Street, East side, Winchester Street to Davis St.

Washington Street in front of the Sturtevant Chapel.

Gilsum St., from Maple street, Northward.

High Street in front of No. 87.

Carroll Street, North from High Street a distance of 350'.

Wilder Street North from West Street, a distance of 784'.

Roxbury Street, at angle opposite Oak Street.

Brook Street, west side, Spring to Beaver.

School Street, east side, West to Winter.

During construction of sidewalks several large trees which obstructed walks, had to be removed. This work was done by City employees.

MISCELLANEOUS STREET WORK

It has been the policy of the department to improve as far as possible outlying streets, so that they will be in good condition for automobile traffic at all seasons of the year. In continuing this policy a stone base with a gravel top at an expense of \$1,389.96 has been laid the entire length of Russell Street, a similar road at a cost of \$2,840.28 was constructed on Maple Avenue, from Park Avenue, to the Dinsmore woods. Many other streets have been improved, and graveled at the following costs:

Arlington Streets,	\$325 65
Hancock Street,	110 70
Branch Road,	777 05
Chapman Road,	232 34
Eveleth Road,	537 00
Jordan Road,	374 00

GRAVEL WALKS

Portions of Wheelock Street, Park Avenue, Myrtle Street, Lower Main Street, Spruce Street, Elm Street, etc., have been improved by the addition of Gravel Walks.

CLEAN UP WEEK

The usual rubbish collection was made in May, and a clean-up was also made in November.

OIL AND TAR TREATMENT

So far as the funds would allow, streets have been oiled and patched, but as the appropriation was only ten thousand dollars, this work has been somewhat neglected. Expense for oil and tar has been lessened by concrete pavement construction, but as over two miles of new streets have been added recently to the highway maintenance, a reasonable appropriation for this work must be made.

CARE OF TREES, FORESTRY

All trees in the center of the City were examined for egg clusters of the Brown Tail Moth, and while not many were found as compared to last year, a large number were treated to a dose of creosote. These Moths prefer some old, rough barked tree on which to deposit their eggs. On one tree situated on private land, over six hundred nests have been found, any person having such old decayed trees on their premises should have them removed, and help to exterminate these pests.

Approximately \$300 was spent on this work, we have also spent on trimming and removing trees the sum of \$1,690.41.

With the great number of trees scattered about the city it is necessary to do a large amount of trimming and removing each year, in order that we may get the best results from our electric lights, sidewalks, and pavements. It has also been necessary to take down a large number of trees that have been bolted or chained together at some previous time, as such treatment is good for only a few years.

Respectfully submitted,
ARTHUR A. WALLACE,
Supt. of Highways.

REPORT OF PARK COMMISSIONER

To the Honorable Mayor and City Councils:—

In presenting this annual report the commissioner expresses appreciation of the increased appropriation of \$500, which has made possible much needed work. In consequence of this larger opportunity a statement of the amounts expended in the different parks is presented:

Robin Hood Forest and Children's Wood,	\$344 08
Fuller Park,	341 25
Wheelock Park,	274 83
Ashuelot Park,	25 50

The expenditures in Robin Hood Forest and the Children's Wood consisted principally in trimming brush and work on the drives. Most of these are natural dirt roads and with present automobile traffic are badly rutted in the spring and in rainy weather; as far as money was available, gravel was put on the worst places.

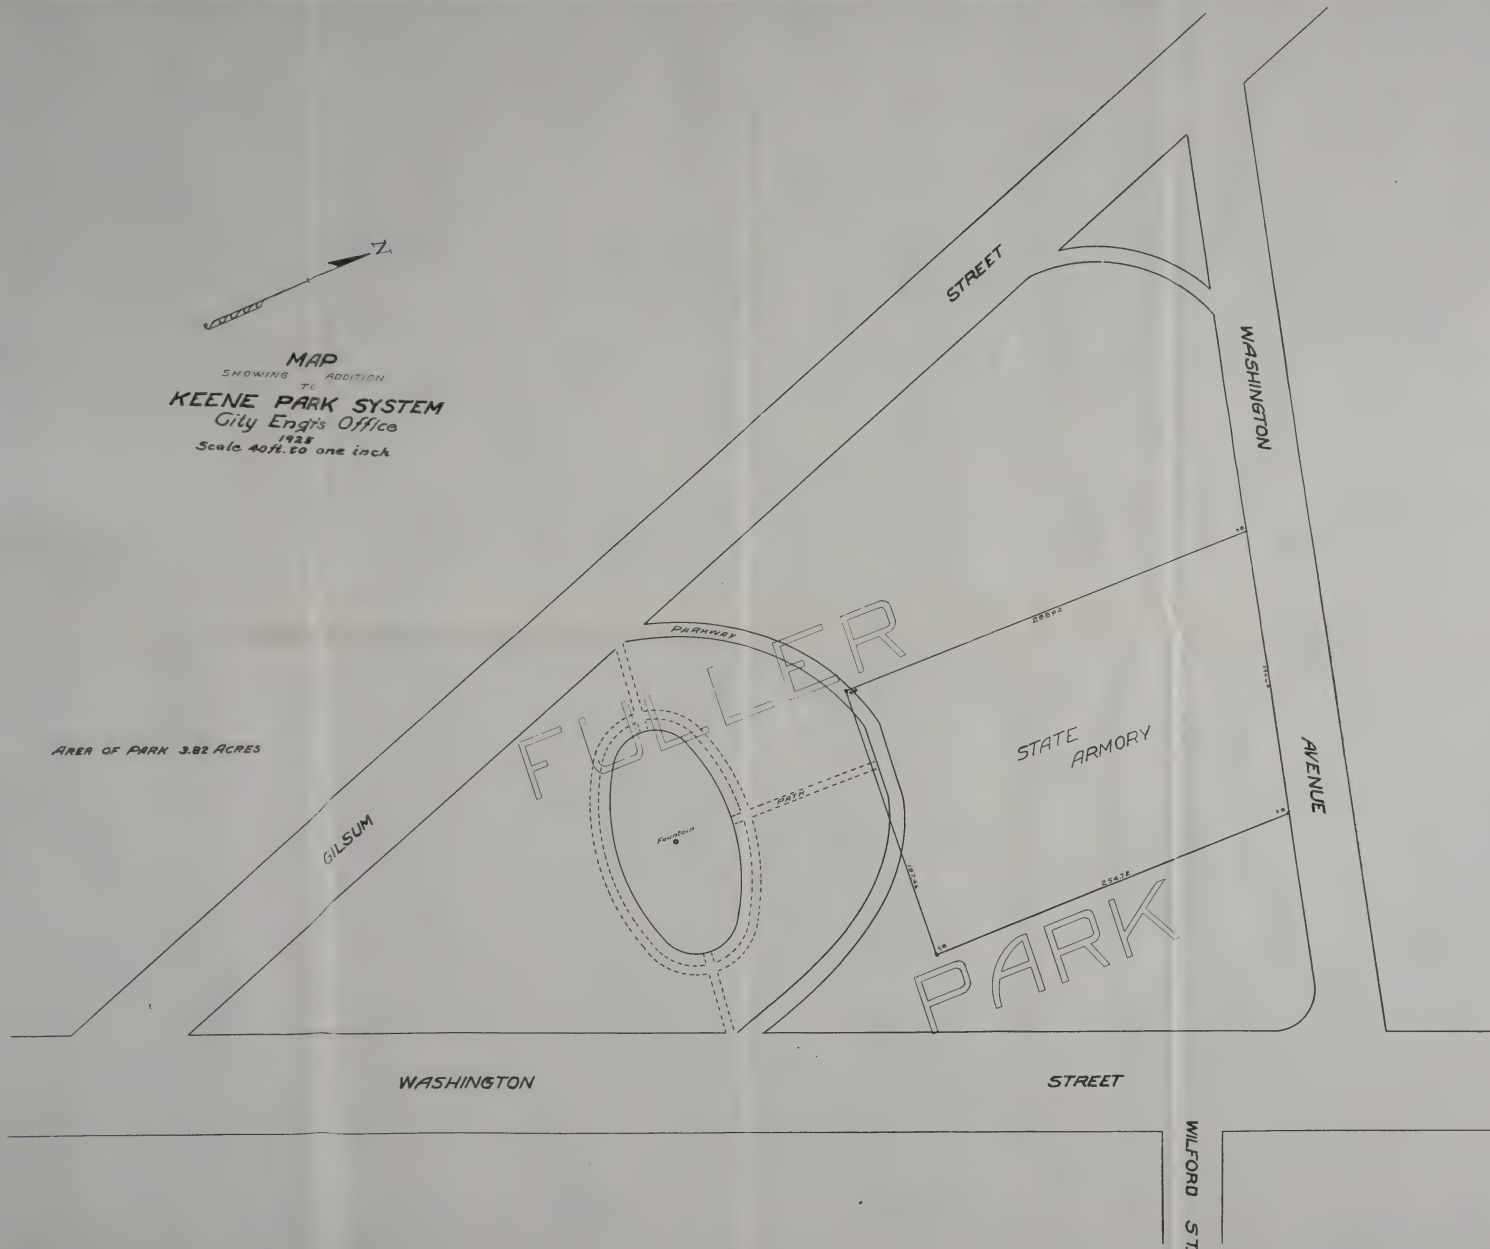

Through the interest and efforts of the Mayor and the co-operation of your Board, a splendid development of the Beech Hill Reservoir as a swimming pool and recreation park has been started and this fall the highway department has built a new road on the West and North sides, making an attractive drive around the Reservoir. With this development, which will surely bring largely increased travel, it is recommended that the drives be widened and improved as rapidly as possible and that the improvements around the Reservoir be continued.

At Fuller Park, all the area has been kept mowed for the first time, resulting in an improved appearance. Late this fall the highway department has built sidewalks around the Park as the first step in the planned development of the property. It is hoped that next year a considerable progress may be

made in laying out walks and planting trees and shrubs in accordance with the proposed plan.

Wheelock Park has had its customary large use, both as a city playground and for numerous gatherings and picnics by many societies and private parties. Here, as in Robin Hood Forest, improved drives would greatly increase the number of automobiles enjoying its beauties.

Some work of thinning and clearing has been done in the other park properties, largely without expense to the city.

It is recommended that the same appropriation be made as last year and, if possible, special appropriations be made for Fuller Park and work about the Reservoir.

Respectfully submitted,

ROBERT T. KINGSBURY,

Park Commissioner.

REPORT OF BOARD OF HEALTH

To His Honor the Mayor and Gentlemen of the City Councils:

We hereby submit the annual report of the Board of Health, together with the report of the Health Officer for the year ending December 1, 1929, and we are pleased to report that the work performed by this department during the past year measures up with the work accomplished by other representative health departments.

The Health Officers report will show that the City has been very free from disease during the past year and that his work has been most satisfactory.

We refer you to his report for a detailed account of the work accomplished in this department.

REPORT OF HEALTH OFFICER

To the Board of Health:

Dear Sirs:—Another year has passed and again I have the honor of submitting herewith my eighth consecutive annual report of the department of health in the City of Keene.

At the outset, let me acknowledge the support and co-operation of the Board of Health, and the increasing interest in the work of this department, not only by the members of the medical profession, but by the school physician, Dr. A. A. Pratte, the state, school district, tuberculosis nurses, and the public in general.

During the past year there has been a very large decrease in the number of infectious and contagious diseases reported (out side of measles), there has also been a large increase in the number of deaths from pneumonia, there has not been a single case of diptheria reported during the year and only three cases of scarlet fever, one case of infantile paralysis which was brought to the hospital from Winchester, and one case of typhoid fever brought to the hospital from Richmond.

COMMUNICABLE DISEASES REPORTED

Infantile paralysis,	1
Chicken pox,	8
Gonococcus infections,	7
Ophthalmia,	1
Influenza,	4
Scarlet fever,	3
Syphillis,	2
Tuberculosis,	4
Typhoid fever,	1
Measles,	369

Whooping cough,	11
Total,	411
Deaths from communicable diseases:	
Infantile paralysis,	1
Influenza,	2
Measles,	2
Tuberculosis,	2
Pneumonia,	25
Deaths from other causes,	154
Total deaths,	186
Death rate per 1000—14.4.	

SANITARY INSPECTIONS

Sanitary complaints were of the usual kind and number, none serious, and all abated. All restaurants, road stands, eating houses, and stores handling food stuffs have been inspected many times during the year by myself, and also by the State inspector, and I think that you will find by his report that the merchants in Keene handling food stuffs are conducting their stores in a very satisfactory way, the most trouble we have is with a very few merchants that carelessly display berries and fruit in open windows and on the side walk without being covered with glass, the pure food law requires that berries, and all fruits that are not peeled or cooked before they are served can not be displayed in the open without being covered with some dust proof material, and I advise the public to avoid buying berries and fruit from merchants who carelessly disregard this law, as these articles are liable to get contaminated from dust and flies.

GARBAGE COLLECTION

The garbage collection is still working out very satisfactorily, with but few complaints but I advise the public to carefully read their garbage cards and comply with its require-

ments, have a garbage can, keep it covered, and in a place where it will not freeze, and be handy for the collector to get. A new contract was made this year with W. L. Christopherson the present collector whereby he is not allowed to keep any pigs or deposit any garbage on land near his residence from June first to November first. This I think will eliminate the odor to his neighbors, and those living in Edgewood.

MILK SUPPLY

During the year I have issued one hundred and ten licenses to producers and dealers, and to sixty stores, refused four and revoked two. The milk situation in the City is growing more serious each year, the milk dealers are finding it harder each year to get milk from tuberculin tested cows, which they must do in order to sell milk in Keene. Conditions have been worse this year on account of the dry weather, and it looks to me that it will not be very long before the people will have to use more pasteurized milk, which if correctly pasteurized comes the nearest to protecting the consumer from any infectious disease of any milk sold.

Respectfully submitted,

FRED C. NIMS,

Health Officer.

December 1, 1929.

REPORT OF INSPECTOR OF PLUMBING

To His Honor the Mayor and Board of Aldermen:

I herewith submit my report as Plumbing Inspector for the year ending December 1, 1929.

Permits issued,	59
Water tests made,	47

NATURE OF PLUMBING INSTALLED

Plumbing installed in new buildings,	47
New work in old houses,	6
Alterations and additions,	6

FIXTURES INSTALLED

Closets,	111
Sinks,	72
Bowls,	74
Baths,	56
Trays,	8
Urinals,	18

During the year I have ordered the discontinuance of seven dry toilets, and the houses have been connected with the public sewer.

Respectfully submitted,

FRED C. NIMS,

Inspector of Plumbing.

December 1, 1929.

REPORT OF INSPECTOR OF BUILDING

To his honor the Mayor and the Board of Aldermen:

My report for the year 1929 is hereby submitted.

Building permits numbering one hundred and ninety-five have been issued for the following construction:

Residences,	50
Additions and repairs to residences,	55
Repairs to other buildings,	10
One car garages,	31
Two car garages,	27
Greenhouses,	3
Shops, storehouses, etc.,	4
Schools,	2
Barn,	1
Sheds, henhouses, etc.,	12

195

The Y. M. C. A. building has been enlarged on the East and West sides by the addition of a one story structure.

A new up to date building of fire-proof construction is being erected on the south-west corner of West and St. James streets, by the Sentinel Printing Co.

The Catholic School on Wilson Street, is nearly completed and is a thoroughly modern fireproof structure.

A modern dry house has been built at the Beaver Mills Plant.

A new hall has been built on Mechanic Street, for the Grand Army, and several store fronts have been modernized.

The Mechanic Arts high school building erected this summer is in use.

Fifty new house numbers have been given out this year.

Respectfully submitted,

RALPH H. CLARK,

Inspector of Buildings.

December 10, 1929.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY

To the Honorable Mayor and City Councils:

Gentlemen:—The Trustees of the Keene Public Library submit the following report:

The Library has passed another year of increased circulation of books and every effort has been made by the Trustees and the Librarians, with the amount of money at hand, to meet the larger demands. More books, more work by the Library staff and the janitor and at the same time expensive repairs upon the roof of the Library building have made a task difficult to manage. Further repairs are still imperative. These were delayed earlier in the year by lack of adequate appropriation. The increase in the use of books has so far been met by the librarians with a limited amount of help from Miss McGregor. With the continued growth of the Library this work also must constantly grow and some means of meeting it must be considered in the near future.

During the summer Mrs. Bishop was granted a few weeks' absence for a trip abroad and during that time her place was supplied by Miss Danforth who came to us from the University of New Hampshire and who had previous instruction and practice in library work.

This year two new desks and chairs have been bought for the work room and additional shelf space made in the children's room. This room which was opened a few years ago as an experiment has become one of the most interesting and important departments of the library. At certain hours the use of the reference room by students from the Normal School and from our city schools, while it makes great demands upon the librarians, is another most significant feature of the work.

The fourteenth edition of the *Encyclopaedia Britannica*

has just been placed upon the reference shelves. While the younger people make constant use of the reference books they also form a large and interested proportion of readers.

The librarian's report gives as usual details of the varied activities and interests of the library and statistics in regard to the circulation of the different classes of books. This report is appended.

KATE L. TILDEN,
Secretary pro tem.

REPORT OF LIBRARIAN

To the Trustees of the Keene Public Library:

The report for the year 1928-1929 is herewith presented.

The added importance of the library in the educational world as well as in the field of adult education and general reference, throughout the country, leads us to expect our library to keep pace with this movement, and a review of the work for the year shows a gain in the use of the library and books though not a large one. The per capita circulation is 7.5. The per cent of non-fiction circulated is 30, and the total gain 3662.

A new form of Bulletin has been adopted which is more convenient in size and which, published oftener, will give room from time to time for library and book notes thus following the idea in library publicity of making more of our own line which is books and information about books and authors. A more definite plan for this type of advertising is being worked out for another year. The telephone which has always been of great use in the library may become one of our most useful assets when the patrons realize to what an extent it may be of service to them.

The children's vacation reading took the form of "travel through books" in Europe with passports showing countries visited and books read. Books do much to foster international good will; and becoming acquainted with manners and customs and children of other lands is one step forward in the education toward world friendship and peace.

This year is the first time a member of the staff has had a leave of absence for the advantages to be gained from foreign travel. Mrs. Bishop had the summer for that purpose and fresh from her experiences, she entertained the children of the Travel Club with stories of things especially interesting to

them after their summer's reading. We were fortunate in the substitute worker, Miss Mildred Danforth, now completing her college course. She has had three years of library experience.

The lessons in the use of reference books and the library which were begun last year with the Junior High Schools were considered of sufficient value by the Principals of the schools so that the librarian has been invited to continue them this year and the classes are at present being carried on.

Several valuable additions to the resources of the Reference room have been made: the most notable one is the new edition of the Encyclopaedia Britannica.

The librarian had the privilege of attending the conference of the American Library Association in Washington where much inspiration and many practical suggestions for the improvements of the work here were received.

Unexpected repairs became necessary this fall and those planned for the year have on that account been postponed to the new year.

Respectfully submitted,

MARY LUCINA SAXTON,

Librarian.

REPORT OF CITY SOLICITOR

To His Honor the Mayor, and Members of the City Councils:

I beg to submit herewith my report as City Solicitor for the year 1929. That part of my report for the year 1928 which describes the duties of this office is again referred to. (See City Report for the year 1928 at page 469). I need not cover that ground more fully here.

There have been various changes in the status of some of the suits against the City since the report of 1928. A list of the suits now pending with their present situation is as follows:

Equity No. 187—America Land Company v. City of Keene. The nature of this case is fully explained in the report of 1928 at page 471. The case was tried before Judge Morris of the U. S. District Court at Concord, and the Court rendered a decision dismissing the petition and vindicated the act of the City in placing the land in the unrestricted zone. The America Land Company has filed a motion to amend by striking out paragraph No. 3 in the original bill and substituting therefor a paragraph which in substance is an additional allegation that the Land Company was deceived by the failure of the defendant, its Mayor and other officers, to tell the America Land Company that the land was subject to floods and therefore unfit for dwelling purposes. This amendment was filed on October 7th, and the city's attorney objected to its allowance either as unnecessary, the case now having been tried upon all the evidence presented, or that it introduced a new cause of action and did not conform to the evidence.

A hearing was had before Judge Morris in the District Court of the United States on November 26th at ten o'clock. Mr. Gardner argued the case for the plaintiff, and Mr. Howe for the defendant. The Judge after hearing the arguments

dismissed the motion. The Company's attorneys propose to appeal the case to the Circuit Court of Appeals, which is composed of three judges, and which will hear any alleged errors in law that may be brought before it. Under these conditions there will probably not be a decision by that Court until sometime in the spring of 1930.

These are suits pending against the City as follows:

Equity No. 1048—Latchis v. City of Keene.

Equity No. 1127—Latchis v. City of Keene.

Equity No. 1168—Latchis v. City of Keene.

Equity No. 1106—Mason v. City of Keene.

The first three of these suits are tax suits, as more fully explained in the 1928 report. The nature of the Mason suit is also explained there. These are still pending and no real progress has been made in their adjustment.

Civil No. 2889—Poulos v. City of Keene. Mr. Poulos claims that a driver of one of the highway trucks was negligent in its operation and that his auto suffered injuries thereby. The City denies liability. The case is not an important one.

Equity No. 1380—Faulkner v. City of Keene. The Standard Oil Company sought to erect a filling station on the land of the plaintiffs south of West Street and about opposite Wilder Street. The Mayor and Board of Aldermen refused permission and the plaintiffs who own the land now allege that consent from the City is unnecessary. They say in substance that the proposed construction complies with the provisions of Section 30, Chapter 162 of the Public Laws, and those provisions having been fulfilled, they have a right to construct without any permission from the City. The case involves some questions of real importance, and probably cannot be disposed of until after January 1.

Respectfully submitted,

ROY M. PICKARD.

REPORT OF SUPERINTENDENT OF CEMETERIES

To His Honor the Mayor and Gentlemen of the City Councils:

I submit the report of the Cemetery department for the year ending November 30, 1929.

The regular routine work has progressed in the customary manner.

Two new gates have been erected in Woodland extension on Lincoln street and a new fence and gate in Greenlawn on the Cottage street side.

We have many inquiries in regard to putting lots in perpetual care. We would suggest a minimum of \$150 on small lots and \$200 on large lots as the income from the above amounts would provide for any work which might be needed aside from the mowing.

Twenty lots have been developed and there are twenty-five in process of development. Twenty-six lots have been sold.

There have been 427 loads of filling put on the roads in all of the cemeteries.

There have been one hundred thirty-eight burials and three removals.

The receipts for the year are as follows:

December, 1928,	\$346 90
January, 1929,	317 00
February, 1929,	232 00
March, 1929,	146 00
April, 1929,	550 00
May, 1929,	237 00

The foregoing amount has been deposited with the City Treasurer and I hold vouchers for the same.

Respectfully submitted,

BESSIE H. WHITE,

Superintendent.

REPORT OF DIRECTOR OF PUBLIC PLAYGROUNDS

To A. W. Pressler, Chairman Playground Committee:

The playground activities were brought to a close August 29, with a total attendance for the season of eleven thousand, four hundred and eighty children. August 30th was spent in picking up and storing away equipment used during the summer. Only one day during the eight weeks was lost because of rain; this left thirty-eight days of actual work. The morning sessions were held at Wheelock Park as usual, and the afternoon session at Robin Hood Lake.

The usual activities were carried on, and each week on Friday some novelty events were held, and the winners given suitable prizes. The afternoon sessions were conducted at Robin Hood Lake with great success, and each day saw from one to three hundred participating in water sports and activities. Special attention was given to beginners, and more than eighty passed their beginners tests, and were awarded beginners buttons furnished by the Red Cross. A junior life saving class was also held regularly during the summer; and when the end of the season came, Mr. Robert Greene and Miss Lorna Elwyn, playground instructors, passed their Red Cross tests and were awarded examiners certificates.

Thanks to the efforts of Mayor Carey, Robin Hood Lake was finished in time for the opening of the playground season, July 8th, and proved most popular all during the exceptional hot dry summer. The average daily attendance for the season was three hundred twenty-five. The weekly attendance one thousand four hundred and thirty-five. Of course this does not mean that eleven thousand four-hundred and eighty different boys and girls were served during the summer; but I believe that there were about twenty-five new ones each day,

thus during the season between one thousand and twelve hundred different boys and girls enjoyed the playground program.

I wish to thank all those who helped to make the season a success; the instructors without whose loyal support the program could not have succeeded; the playground committee whose active interest helped to solve many problems, and Mayor Carey, whose enthusiasm made possible the stella attraction of the summer, Robin Hood Lake and last but not least, all the parents of Keene, who gave us their trust and confidence.

Sincerely,

H. RAYMOND DANFORTH,

Director.

REPORT OF CHIEF ENGINEER FIRE DEPARTMENT

Keene, N. H., Nov. 30, 1929.

To His Honor the Mayor and Board of Aldermen:

I hereby submit my report for the year ending December 1, 1929.

There were 26 bell alarms, 239 still alarms, and 12 out of town calls, making a total of 277 alarms.

The estimated value of buildings damaged by fire,	\$782,350 00
Damage to buildings,	19,575 47
Insurance on said buildings,	555,400 00
Insurance paid,	18,844 47
Value of contents of said buildings,	794,816 89
Damage to the contents,	67,452 25
Insurance on said property,	755,750 00
Insurance paid,	67,452 25

This is the largest fire loss that the City has had in many years. A large part of this loss was due to water damage at the Crescent Shoe Co. fire on April 24th.

This water damage was not the fault of the Fire Department. The fireman at the shop shutting off the sprinklers when he saw water leaking through the floor, then investigating the trouble, and then turning the sprinklers back on again, caused the heat to open all the sprinkler heads on upper floor, thus wetting stock, machines and supplies in the whole shop.

The Department has on hand 8,450 feet of double jacket rubber lined fire hose, and 1,500 feet of linen hose on hose reel in hose house at South Keene.

During the year there has been turned over to the Water Department 450 feet of hose, also 650 feet to Highway Department for their road work.

The Motor Fire Apparatus and its equipment including tools are in very good condition, except the Steam Fire Engine which is 46 years old. This piece should be replaced by a modern Pumping Engine.

There has been added to the equipment a Foam Generator for oil fires, also two Electric Sirens to replace the hand ones, one on the Kissell Combination and Reo Combination, also two gas and smoke masks.

The Fire Alarm System and its circuits are in very good condition. The system has been extended from Arch Street to Arlington Avenue and Box 49 added to the circuit. This makes 49 boxes on the system.

There were two of the old fire alarm boxes replaced this year with the latest Peerless type, Box 22 and 52.

There should be purchased each year three or four new fire alarm boxes to replace the old ones, until they are all replaced. These new boxes give protection from lightning and high voltage. A modern punch register has been installed at Fire Station for recording fire alarm signal.

RECOMMENDATIONS

The Board of Engineers recommend the purchase of 1,000 feet of fire hose.

A Triple Combination, Pump, Hose and Booster, to replace the Steamer.

Also the purchase of three fire alarm boxes to make a start on the replacing of old boxes that were installed in 1885.

That a hydrant be installed on Proctor Court for protection of the two Laundrys and Dry Cleaning plants.

To His Honor the Mayor and members of the Joint Standing Committee on Fire Department, Members of the Board of Engineers, Officers and members of the department, and to the public, I extend my sincere thanks and appreciation for the aid and support rendered me during the year.

REPORT OF SEALER OF WEIGHTS AND MEASURES

To the Honorable Board of Mayor and Aldermen:

I have attended to the duties of Sealer and Inspector.

I have found but few measuring and weighing devices that could not be easily adjusted.

I have found light weight loaves of bread that have been brought in from out of town.

People should be careful and see that commodities weigh the same as is marked on the wrapper.

There has been the usual increase in the number of stores and gasoline pumps which increases the work each year.

EDWIN D. HAYWARD,

Sealer.

Keene, December 4, 1929.

REPORT OF CITY AUDITOR

To His Honor the Mayor and Members of the City Councils:

I have examined the bonds, notes, deposit books, and other securities belonging to the City in the hands of the City Treasurer and the trustees of trust funds, and find the same correctly set forth in the proper schedules to be printed in the annual report.

I have also examined the books and vouchers of the several officers and find that their collections and deposits for the year ending November 30th, 1929, were as follows:

	Receipts	Deposits
Tax Collector,	\$619,490 53	\$619,490 53

Supt. Highways,	90,554 43	90,554 43
City treasurer,	465,854 05	465,854 05
	\$1,205,858 90	\$1,205,858 90

I have also examined, verified and allowed all claims paid by the City during the fiscal year amounting to \$1,081,588.72 and the disbursements as reported by the City Clerk agree with the entires made by the Auditor in his book.

Respectfully submitted,

WALTER M. HUBBARD, City Auditor.

VITAL STATISTICS

To His Honor the Mayor and Gentlemen of the City Councils:
